

HGD-AAB-WC Weatherproof Cover for HGD-AAB Alarm Beacon

HGD-AAB-WC

Product Description

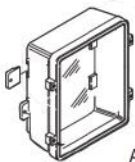

The **HGD-AAB-WC** is designed to prevent the HGD-AAB from water ingress into the electrical housing, or junction box due to rain, hail, or snow. Constructed out of durable polycarbonate material and slotted for sound penetration, this cover will prevent water intrusion from exterior environments making the HGD-AAB suitable for outdoor installation. Please contact us with any questions on use. This cover is designed to protect the HGD-AAB in exterior environments in North America.
